Portfolio: mayas-2.github.io/-Portfolio/

PROFESSIONAL SUMMARY

Cybersecurity graduate with hands-on experience in **SOC Operations, Governance, Risk & Compliance (GRC), Information Security, Vulnerability Assessment, Incident Response**, and **Network Security**.
Trained with government entities and leading organizations including **Madinah Development Authority, Madinah Regional Municipality, KAUST**, and **Madar Technical Company**.
Experienced in **SIEM Monitoring, Risk Assessment, ISO 27001 Implementation, Security Monitoring, Threat Detection**, and **Information Security Governance**.
Currently preparing for the **CompTIA Security+ Certification Exam** and available for immediate employment.

EDUCATION

Bachelor of Science in Information Technology
Cybersecurity Track
Saudi Electronic University
Graduated: 2026
GPA: 3.0 / 4.0

PROFESSIONAL EXPERIENCE

Cybersecurity Intern
Madinah Development Authority | 2025

- Supported **ISO 27001** implementation and compliance activities.
- Conducted **Vulnerability Assessments** and **Security Monitoring**.
- Assisted in **Risk Assessment, Data Protection**, and cybersecurity awareness initiatives.

Cybersecurity Operations Intern
Madinah Regional Municipality | 2022

- Monitored security events using **SIEM Technologies**.
- Supported **Incident Detection** and **Incident Response** activities.
- Assisted with **Access Control** and **Information Security Operations**.

Cybersecurity Trainee
KAUST | 2023 – 2024

- Participated in cybersecurity labs and **Capture The Flag (CTF)** challenges.
- Conducted **Threat Analysis** and **Penetration Testing** exercises.
- Utilized **Wireshark** and **Kali Linux** for security investigations.

Network Security Specialist Trainee
Madar Technical Company | 2024

- Configured **Cisco ASA Firewalls** and network devices.
- Implemented **Access Control Policies** and security controls.
- Supported **Network Monitoring** and threat mitigation activities.

PROJECTS

Mu'een AI Application

- Developed using **Python, Flask**, and **TensorFlow**.
- Applied **Machine Learning Techniques** to support intelligent decision-making.

Sign Language Recognition System

- Developed using **OpenCV** and **Computer Vision**.
- Enhanced accessibility through real-time recognition capabilities.

TECHNICAL SKILLS

CORE COMPETENCIES
SOC Operations:
SIEM Monitoring • Log Analysis • Threat Detection • Incident Response • Security Monitoring
GRC & Compliance:
ISO 27001 • NIST CSF • Risk Assessment • Risk Analysis • Compliance Monitoring
Cybersecurity:
Vulnerability Assessment • Vulnerability Management • Access Control • Security Hardening
Security Tools:
Wireshark • Nessus • Kali Linux • Cisco ASA
Networking:
TCP/IP • DNS • DHCP • VPN • IDS/IPS • Firewalls
Systems & Programming:
Windows Server • Linux • Python • Java • Flask

CERTIFICATIONS & PROFESSIONAL TRAINING

Upcoming Professional Certification

- **CompTIA Security+ (Certification Exam Scheduled Soon)**

(ISC)² Professional Certificates

- **Security Principles**
- **Access Control Concepts**
- **Cloud Security Fundamentals**
- **Cryptography Fundamentals**

Cybersecurity Professional Training

- **Technical Deep Dive with Incident Response Tools**
- **Cybersecurity Management Training**
- **Cybersecurity & Artificial Intelligence Program – KAUST**

Programming Certifications

- **Python Programming**
- **Java Programming**
- **Visual Basic Programming**

PROFESSIONAL DEVELOPMENT

- Active practice on **TryHackMe**.
- Participation in **Capture The Flag (CTF)** challenges.
- Continuous learning in **SOC Operations** and **GRC**.
- Following emerging cybersecurity threats and industry trends.

VOLUNTEER EXPERIENCE

JOY Volunteer Group

Human Resources Department Lead | 2025 – Present

Campaign Management Team Leader | 2022 – 2025

- Led volunteer teams and coordinated community initiatives.
- Developed leadership, communication, and organizational skills.

National Volunteer Platform

- Completed **50+ Volunteer Hours** across community and technical initiatives.

LANGUAGES

- **Arabic:** Native
- **English:** Fluent
